Technical Commentary:

The stock has been in a steady uptrend since July, consistently holding above its short-term EMAs and printing higher highs and higher lows. It is now testing the RM6.50 resistance, where a decisive breakout backed by stronger volume could propel the stock toward next upside targets at **RM6.70** and **RM6.85**. Immediate support is located at **RM6.24**.

Technical Commentary:

The stock has strengthened steadily since October, trading firmly above its key moving averages and supported by rising volume. It recently showed renewed momentum with a decisive breakout above the RM4.10 resistance. Following this move, the price is now consolidating, with the next resistances at **RM4.25** and **RM4.35**, while immediate support stands at **RM4.10**.
