Technical Commentary:

With an uptrend present, traders could observe a pullback to support at **RM 7.50** for an entry into the trend. A continuation from support could lead to a test of the resistance at **RM 9.20** and should a price breakout occur, traders could observe the potential for a test of the **RM 9.75** level.

Technical Commentary:

Following sideways price action between RM 7.14 and RM 7.90, price had broken out from the **RM 7.90** resistance. Traders could observe the potential for a pullback to the ensuing resistance-turned-support level. Following that, the significant levels from an old head-and-shoulders pattern may be relevant again due to a run-up potential to the **RM 8.35** and **RM 8.75** resistance levels.
