## Technical Commentary:

**EITA** recently attracted strong buying interest, with the share price breaking out of its Triangle pattern yesterday. The stock remains well supported by the rising EMA9 and EMA20, while a positive MACD and RSI at 69.9 point to firm momentum, albeit nearing overbought territory.

We expect further upside towards **RM0.790** and **RM0.860,** while the stop-loss is set at **RM0.680.**

## Technical Commentary:

**KINERGY** rebounded off the uptrend line to reclaim the RM0.41 level on the heaviest volume in a year, closing back above the EMA9, EMA20 and SMA200. The MACD has crossed above its signal line, while RSI at 64.7 has turned up sharply. A decisive close above the RM0.43 range top would signal a breakout.

We expect further upside towards **RM0.470** and **RM0.500,** while the stop-loss is set at **RM0.400.**
